

Receiving Your Profit Earnings from The Kids Clothesline

At The Kids Clothesline we are always coming up with ways to make things easier for our consignors! At the end of the sale we know it's exciting to think about the cash you've earned. Some families have paid for vacations, new appliances, new furniture- others have paid off bills, paid for dance classes or just bought gas for the month. Getting paid to clean out your closets has never been easier!

How do I receive my earnings?

Your profit earnings will be directly deposited into your PayPal account within 10 business days. We pay the PayPal fee! You can keep your earnings in your PayPal Account and use it at thousands of retailers or you can access it via bank transfer (no fee), ATM, credit card, etc. Refer to PayPal if you are unfamiliar with the process. Their customer service number is 888-221-1161 and they are very helpful.

You will receive an email stating "You have money!" once the payment has been issued. If you do not have a PayPal account, included will be instructions on creating one. We highly recommend creating a PayPal account. It's fast, easy and safe!

If you choose to not create a PayPal account to accept your earnings, 30 days after we send the initial payment the funds are returned to us. At that time we will issue a check to the address on file when the system closed. There will be a \$2.00 processing fee deducted from your earnings. Your check will be issued within 5 days of the funds being returned to us.

What do I need to do?

Your email is important. Your PayPal account email and your TKC consignor account email must be the same OR your TKC email must be "linked" to your PayPal account. You can change your contact email at The Kids Clothesline to your PayPal email address OR log into your PayPal account and add an email, using the email associated with your TKC account. You can have multiple emails associated with one PayPal account. Any changes to your TKC email must be completed BEFORE the tagging system closes. Once it closes you will not be able to change your TKC email.

If you've used PayPal in the past (but not recently) you may want to contact PayPal using the number listed above to make sure you are in "good standing" with PayPal to avoid your funds being denied on PayPal's side.

Why PayPal?

It is a safer, more efficient and more reliable method of handling funds than a paper check sent via the USPS. No longer run the risk of a lost or undelivered check. You get your earnings quicker and in a more secure fashion. No running to the bank to cash your check. You can access your funds in multiple ways, including a transfer to your bank account which incurs no PayPal fees to you. We pay the fee for you to receive your funds via bank transfer. You choose how to use them.
